FOUR STEPS TO LONGER LASTING BOUQUETS

Flowers are an important ingredient in the occasions of our lives,

1. Re-cut the end of each stem using a sharp knife or scissors.
This prevents air pockets from forming inside the stems which
2. Use clean vases or containers.
3. Remove all leaves which will be under water in the vase.
Submerged leaves will rot and create bacteria, shortening the
4. Add floral food, obtained in your shipping box, to the vase of water.
Use the recommended amount for the size of your bouquet. Change the water

Flowers are a wonderful way to mark a special occasion or holiday and to say "I love you," "Congratulations," "Get Well," "Happy Birthday," "Happy Anniversary," or "Keep up the good work!" Flowers are also a big business. In 1996, American consumers purchased almost \$14 billion of flowers.

With Proflowers, you can offer your Web site visitors beautiful fresh cut flowers and specially designed arrangements that are shipped direct from the grower via FedEx Priority Overnight. A fully automated system provides a direct link between the grower and FedEx, and the savings are passed along to the consumer. Your Web site visitors will save between 30% and 40% compared with other flower sites on the Internet.

Proflowers is pleased to announce that bluemountain.com, the leading electronic greeting card site, has joined the Proflowers affiliate network.

What you need to join the Proflowers Affiliate Network:

1. Read our Affiliate Network Agreement.
2. Complete the online application.
3. If you're accepted, we'll send you all the information that you need to get started.
